6.7. DRIVERS' BRIEFING

Drivers' briefings according to the schedule. Information of possible changes will be told in the WhatsApp Drifting- kuskit info-group as well as announcements. If you are not yet a member of the group, please contact Isa Qvist, tel. +358 400 703 111 in order to add you to the group for the duration of this event.

Every driver must attend the entire duration of the drivers' briefing. For late arrival, a penalty of 50,00€ will be issued. If not attending the drivers' briefing, the management of this event may exclude the driver from this race.

There are three (3) drivers' briefings, one before free practice, second before qualifications and third before the tandem battles. Significant information is shared at these briefings, so do not disturb and ask the right to speak during the briefing.

7. SCRUTINEERING

All cars must pass the scrutineering, in which they are deemed to fulfill the technical requirements of their series, before taking part in the first performance.

The decibel limit on the day of the competition is 110 dB / 4500 rpm.

All race vehicles must have at least a valid traffic insurance.

8. PADDOCK REGULATIONS

You must register to the head of paddock when you arrive at the track area in order to get the information of the paddock spot reserved for you. The spots will be appointed by the head of paddock and it is not allowed to place vehicles or a tent anywhere else in the area. The instructions given by the head of paddock must be followed precisely, because the space is very limited in the paddock area. All extra vehicles and trailers must be moved to another location which will be pointed out separately.

Please note, it is strictly forbidden to start your racing vehicle between 20:00 – 08:00. If this rule is not obeyed, the competitor may be excluded from the race.

Due to the orders from emergency services authorities, there will be more surveillance of the width of the rescue roads. Therefore, no part of the paddock structure (for example tents, marquise, rugs, tools, spare parts etc.) including all vehicles, may exceed the designated paddock area. If neglections are noticed, it has to be fixed immediately. For continuous remarks, the organizer may set a fine of 500,00€ for each remark.

Should you need electricity in the paddock, find out the location of the electric outlet from the organizer. The maximum power outlet is 10A, excluding the tire machine. Ask for a garbage bag from the race office and find out the collection method of waste and the location of the garbage disposal places.

Competitors must have a fuel and lubricant proof tarp as the base of their paddock spot. Everyone must also have an absorption mat approved by the rulebook in order to prevent oil leaks into the soil both under the race vehicle as well as the maintenance vehicles.

Before leaving the track area, please make sure that your accommodation and paddock areas are cleaned. The organizer or the track company will charge the competitor if their paddock areas are not cleaned out properly.

Find out

- the location of the fire extinguishers
- the location where welding and spark inducing work are allowed
- the smoking areas
- the limitations of using open fire

You must ask for permission to do welding or spark inducing work. The competitor must take care of removing the tires used during the competition from the track area under the threat of a fine.

The fire extinguisher of the paddock spot must be a minimum of 6 kg ABC-class fire extinguisher or AB-class 6 liter foam extinguisher. The extinguisher must be placed near the paddock fairway in the tent and easily available. The extinguisher must have been inspected and it must have a valid stamp.

The use of open fire (including barbequing) is only permitted in placed pointed out by the organizer. Smoking and washing with gasoline is strictly forbidden in the paddock area.

FUEL MAY BE KEPT ONLY IN CONTAINERS MEANT FOR STORING FUEL!

You may move safely in the paddock using reasonable sized vehicles. If a motor vehicle is in use, a helmet is required. It is prohibited for children under 15yrs to use any kind of motor vehicles in the paddock area.

There is an absolute silence in the paddock and accommodation area every day from 23:00 to 8:00. There is a party area on Saturday evening, there you may party more freely.

Smoking is permitted only in places pointed out by the organizer. If breaking this regulation, the jury may issue a fine of 100,00€ which must be paid immediately on the track. The fine may be given to a competitor, their mechanic or team member. The competitor (mechanics and team members included)

in question can not continue the race before the fine has been paid. You cannot issue a complaint of an appeal to AKK (Autourheilun kansallinen keskusliitto ASN) about a fine issued by the jury.

The paddock is an open and windy area. Make sure that your tent is properly anchored and have weights and other instruments with which you can anchor your tent in situations where you are not allowed to attach the tent to the asphalt.

9. AWARDS

Three best drivers in each class will receive object awards in the race. In addition with the NEZ-series, part of the entry fee is given out as a prize of the race as well as to the winner of the season according to the series regulations. All award recipients must attend the prize giving ceremony, only the race director may give permission not to attend the prize giving ceremony in case of force majeure. Awards that are not picked up, will not be sent to the recipient afterwards.

10. RESULTS

Inofficial results will be published at www.drift.fi during the day of the race.

The official results will be visible in KITI-racing service as well as www.drift.fi after the race.

11. SERVICES

The cafe at the track will be open from Friday to Sunday. Miscellaneous warm food and other products available. In the main house on the track you will find the showers and sanitary facilities. The sauna is heated for the competitors and their teams both on Friday and Saturday.

There is no possibility for fuel at the track area. The nearest gas station is found easiest by using www.polttoaine.net services.

11.1. ACCOMODATION

It is possible to camp out at the track area, the fee is 25,00€/car/night. The accommodation fee is to be paid in cash at the track to local organizer. Please note that the accomodation area may be located at another site than the paddock. The camping electricity may NOT be used for heating.

Other accomodation possibilities nearby may be found easiest on the website of the municipality.

11.2. FIRST AID

There is a unit of first aid present at the race. You can contact them by meeting them or for example from the race office. The unit will be on call in the immediate proximity of the paddock.

12. ADVERTISING

Vehicles must have the stickers regulated by the series regulations. You can ask for the stickers in the race office. You are not allowed to modify or cut the stickers.

The organizer wishes that you will announce for example on Facebook or Instagram that you will participate in the race and if possible, send a picture of yourself and your car for example through Facebook so that the organizer is able to promote you.

13. PANDEMIC SITUATION

Possible orders from the government or municipal health care organizations may change the race events or due to the orders we may be forced to issue additional regulations or specific instructions even days before the race. Due to the pandemic situation, the amount of mechanics is regulated to three (3) per team. The contact information has to be sent to the organizer before the registration time ends.

The coronavirus causes a respiratory infection whose symptoms can include a cough, sore throat, fever, shortness of breath, muscular pain, abdominal symptoms and headache. Those who have even the slightest symptoms suggesting the illness, must stay away from public events, gatherings, or public spaces where other people are present at the same time.
